## Graham's New Spray Rig, the Maverick, acknowledged as a *Green Industry Pros* 2019 Editor's Choice Award Winner

**Douglasville, GA (August 20, 2019)** – *Green Industry Pros*, the nationally recognized magazine serving landscape professionals, names the Maverick, the latest spray rig from Graham Spray Equipment, a 2019 Editor's Choice Award winner.

**The 2019 *Green Industry Pros* Editor's Choice Awards** represent the landscape industry's best products gaining interest from end-users and landscape professionals alike. Winners like the Maverick were chosen by *Green Industry Pros'* editorial team based on several different factors, including innovation, dependability and audience engagement on [GreenIndustryPros.com](http://GreenIndustryPros.com).

Graham conceived of and designed the 400-gallon Maverick as a more affordable alternative to the traditional pickup truck equipped with a spray unit. In addition to its lower cost, the Maverick provides lawn care professionals, including landscapers who also offer lawn, tree, and shrub care, a host of other advantages compared with pickup-based spray rigs. These include a tighter turning radius for better maneuverability, a larger bed for greater storage capacity, and an open layout for easy access to the spray equipment techs use all day long. As with all Graham rigs, customizations and options are available for the Maverick, including adding a carrier for a spreader-sprayer.

"We're very pleased to announce the 2019 Editor's Choice Award winners. This year's winning products represent the best of what leading manufacturers have to offer for today's landscape contractor's trailer," says Ryan Whisner, editor of *Green Industry Pros*. "Products chosen for this honor are those which are truly innovative and/or tried-and-true industry workhorses. In addition, our winners are products that landscape professionals have shown active interest in on [GreenIndustryPros.com](http://GreenIndustryPros.com), so it follows they'll be looking for them at their preferred dealer. We're excited to offer this useful insight to our readers."

*Green Industry Pros* magazine is a national publication that keeps landscape contractors and equipment dealers on top of the latest products, trends and business strategies that will help them grow their companies.

Additional information on award recipients can be found in the July/August issue of *Green Industry Pros* and at [GreenIndustryPros.com](http://GreenIndustryPros.com).
